El Salvador Finca La Guachoca Natural Microlot

Our Finca La Guachoca Natural Microlot from Café Pacas is a specialty microlot from the 69 acre farm of Vidal Marroquin in Lomas de San Marcelino within El Salvador's Santa Ana region. It is a 15 screen microlot of 100% Bourbon variety, grown on the tropical slopes between the Santa Ana Volcano and Lake Coatepeque. The lot is shade-grown and the cherries are hand-picked, natural processed and shipped in Grainpro bags. In the cup, look for a berry aroma with notes of raspberry and sweet cherry.

Is El Salvador Finca La Guachoca Natural Microlot the green coffee for you?

Variety: Bourbon

Processing: Natural

Grade: Microlot, 15 Screen

Bag Type: Grain Pro

Café Pacas is a fifth generation, family-owned operation dedicated to producing high-quality coffee, through hard work and generating value throughout the supply chain. Its vision to create the most beloved, exceptional coffee in the world has created the launch of its 'Incunables' line of sustainable coffee. This initiative is committed to making coffee farming appealing and financially rewarding for all those associated with its production. This includes ensuring safe working conditions, fair incomes, economic opportunities, good benefits and dignified livelihoods for their employees and agricultural communities.

Bourbon is known for being highly productive at higher altitudes while being universally renowned for an exceptional cup quality. This 100% bourbon variety Finca La Guachoca Natural Microlot produces a wonderful cup for those who love the distinctive profile of natural process single variety arabica coffees. Within the ecosystem, key goals of the Café Pacas include the preservation of natural resources, reduction of environmental impact and water consumption, and the protection of biodiversity through sustainable and regenerative farming practices.
