## Ethiopia Washed Yirgacheffe Konga A

Around 800 small growers from the Konga village (or “kebele”) produce our Ethiopia Washed Yirgacheffe Konga A. Wet milling is performed at the Ferenju Defar Wash Station where as part of an overall sustainable farming program, leftover natural pulp is recycled as compost for local coffee trees. Pruning and stumping of the trees is also an ongoing process to ensure the best yields and cup qualities. Our Ethiopia Washed Yirgacheffe is a GR2 offering that cups clean with good acid and a medium body. The Yirgacheffe district (or “woreda”) is part of the Southern Nations Nationalities and Peoples Region (SNNPR) within the larger Gedeo Zone, named after the Gedeo people. The SNNPR shares a border with Uganda to the west, Kenya to the south and the Oromia region to the east. Coffee production remains the primary agricultural industry in the SNNPR, which also claims the

woreda of Kochere.

**Cupping Notes:** Medium body, good acid and a lemon-citrus snap. Very clean cup.

Producer:	Small Farm Holders
District:	Yirgacheffe
Region:	SNNPR
Area:	Gedeo Zone
Processing:	Washed
Altitude:	5,900 - 6,400 ft (1800 - 1950 m)
Coffee Grading:	2
Harvest:	Oct - Feb
